Matriculation Processing & Student Email Account Information:
The Registrar’s Office will matriculate you into our student system for you to officially be seen as a student. This process will begin by end of January. This then prompts our Information Management & System (IMS) department to get you set up with an email account.

- New students will receive an email with their university account information from the IMS Department. (Livemail email address assignment, domain name, student ID number). A second email will contain your temporary password. Once you have this ID and Password, you can then log in to your student portal.
- If you do not receive one or both of these emails, you will need to contact the Information Management & System (IMS) Department helpdesk at 210-567-7777 for assistance. The Registrar’s Office has no access to resend the communications, or to help reset your password.
- Holds on your medical school account: holds may be placed at various points along the way during your four years here. Holds are placed for transcripts not received, course deficiency decisions, current immunizations, background checks and more. Just make sure you hand in everything on your checklist, and the hold will eventually be removed by the appropriate office. For example, background checks are completed early, but you will still see the hold there. Don’t worry – we see that you’ve done it. Just give us a little time for processing. Once all holds are removed you will be able to register for classes and receive financial aid.
- By early May the Registrar’s Office will email you with instructions on how to complete the coursework web registration process.
- **As soon as you have your LSOM email, PLEASE BEGIN checking it regularly!! We don’t want you to miss anything important!!**

FAFSA & Financial Aid Website:
Required
- File your [FAFSA](#).
- Complete financial aid office application
- PLEASE BEGIN USING YOUR LSOM EMAIL, or you will miss important information!
  - Pay attention to any and all emails sent to you by the Financial Aid Office
  - Set up direct deposit through My Student Center so you don’t get your money by snail mail. [Link to Direct Deposit Setup Instructions](#)
- Financial Aid Inquiries: Please contact the Office of Financial Aid directly with any financial-aid related questions. Their office number is 210-567-2635 or visit their website at [Veteran Services & Financial Aid](#).
- **OUT-OF-STATE STUDENTS:** in order to receive an academic waiver to receive in-state tuition you MUST submit your FASFA AND UTHSCSA SCHOLARSHIP APPLICATION each academic year. Your tuition will not be modified until both applications are processed!
[How to Apply for Aid at Long SOM/UT Health San Antonio](#)
[How to Pay for Medical School, AAMC Resource](#)
Scholarships:
Our school has awarded scholarships for entering medical students, in addition to travel awards and other competitive scholarships throughout your four years here. Students who have completed the necessary documents are eligible for various types of scholarship awards. Most of our students will benefit from these funds, and they help to defray the amount of loans you will need throughout medical school.

In order to be eligible for any scholarship awards, it is VERY important to do two things:
1. Fill out your FAFSA, and put our school in the list of six schools that you can enter.
2. Fill out our scholarship application. The official application is open to you after Registrar processing, and you will receive notice by the Financial Aid Office. Much of this information is already in your TMDSAS application, so you can copy and paste, to save you a little time. Use the previous year’s application, linked below, as a template to get started in advance.

In addition, our out-of-state students are eligible for competitive scholarships that will allow them in state tuition, a value of nearly $75,000.

**Prerequisite Coursework & Deficiency Information:**

Course requirements for our school can be found at this [link](#).

1. The Registrar’s Office will audit your transcripts after you are matriculated into the student system and all your transcripts have been received.
2. **You will be notified if they find any deficiencies**, and given instructions about how to proceed.
   a. If you are deficient, the Registrar’s Office will provide you with a Petition for Course Review for Medical Admissions Prerequisite Form. You will complete this form by indicating a course(s) to be considered as meeting the prerequisite deficiency as a substitution.
   b. In May, the Admissions & Outreach Office will look at the course deficiencies and make decisions about what substitutions can be made.

**Make and Send the Name Pronunciation File**
**Date:** Start now!
**Required**
**Contact Person:** Trey Ximenez, 210-450-8397, ximenez@uthscsa.edu
**Deadline:** July 2, 2019
**Information:**
You have some very auspicious days coming in your future, White Coat Ceremony, the Student Clinician Ceremony, and then...finally, Long School of Medicine Commencement. We want to make absolutely sure that we use the correct pronunciation of your name when announcing it on these momentous occasions. I think we might do a proper job of it if your name is Daniel Robert Smith or Mary Elizabeth Nelson, but if your name doesn’t sound like it looks, or is a little unusual, we want to make absolutely sure we announce it accurately- so we need this voice file! We will collect name files on everyone, even if you think your name is easy, please send in this voice file.

Please send us a voice recording of the pronunciation of your name. Here are the three easy steps:

1. Open the voice recording app on your smartphone. iPhones have “Voice Memo”, Android users can download the free app “Google Keep.”
2. Use the app to record the proper pronunciation of your name. Please articulate well- slowly and deliberately. Like an announcer! Say your name THREE TIMES during this recording. INCLUDE YOUR MIDDLE NAME!
3. Email this file to Trey Ximenez by July 2 deadline, Ximenez@uthscsa.edu

**Housing Information:**
The Office of Student Life maintains a list of available housing as well as a list of students seeking roommates for UT Health San Antonio students, faculty, and staff only. The Office of Admissions & Outreach has collected neighborhood and apartment reviews from our current students. Please click here to access this helpful guide.
We will provide you with more information on housing during your visit at Welcome Weekend!
